

CERTIFICATIONS

Certified Quality & Management Systems

Five international management-system certificates underpin everything we ship.

SPECIFICATION	DETAIL
ISO 9001	Quality management system
IATF 16949	Automotive quality management system
ISO 14001	Environmental management system
ISO 45001	Occupational health & safety management system
IECQ QC 080000	Hazardous-substance process management system

Our in-house testing laboratory covers 11 categories of equipment - tensile, hardness, dimensional CMM, salt spray, ageing, metallographic, coating thickness and friction-coefficient testing - so reports come back in days, not weeks, and long-term customers get routine testing free of charge.

Certificate copies are available on request from our sales team: Louis.Liu@zcjtech.com.
